Stay tuned for the Press Release announcements, which will be distributed to media outlets over the next few months. I will also be giving away free audiobook codes for the US and the UK.
- ∞ The ARC PDF formats for the last book in **The De-Coding of Jo Series, Keys to Eternity** will be shared with interested readers, and I'm excited to receive their feedback. I am extremely grateful to the entire editing team, beta readers, and graphic designers for their assistance in preparing my novel for publication. **Don't forget to take advantage of the \$2.99 pre-order special prior to the release on 7.7.22.**
- ∞ Lust, Greed, Destruction. Humanity's reality has shifted into the fallen timeline. Jo must save everyone she loves by collapsing the Phantom realm. Will Jo and Alicia find Metatron's Keys in Lemuria to decode the Inversion Matrix? Will Earth finally escape the Plague of Chaos?
- ∞ **"Keys to Eternity is another masterwork by Lali Love. I've read each book in this marvelous series, and it is hard to believe that the author can improve on excellence. But that, she did. I was inspired by Ms. Love's broad understanding of the metaphysical world and how she weaves life lessons into a story filled with mystery, drama, and love. The character development is well executed and authentic. The plotline kept me riveted from the start, and I raced to the end to discover how the author would resolve the conflict. Keys to Eternity is much more than a great story. It is a guide to living life on a higher plane—keying into our better angels, our greater selves. Everyone must read Keys to Eternity. It may very well change your life!" –Dr. Mario Dell'Olio**

### SPOTLIGHT:

- ∞ I had the great honor and pleasure of reading the phenomenal poetry book **Amore** by **Authors Julie Kusma and Derek King**. Read my 5 Star review of these beautiful rhythmical sonatas.
